

Seamless flooring applications for Work, Home and Play.

WHAT IS EPOXY

Epoxy is a strong durable coating ideal for protecting new concrete or restoring old existing concrete floors at a much more economical price. When mixed with aggregate, it delivers high performance floors for industry or decorative custom floors for commercial and residential applications.

LOADS OF BENEFITS

Durability. Epoxy application is strong enough to handle foot, vehicle and tow-motor traffic. Epoxy floors provide surfaces that are superior in their ability to be impact, abrasion and chemical resistant. Clean up spills in a timely fashion using soap and water and maintain your floors using the same process.

IT'S SEAMLESS

With no joints or cracks, epoxy floors are mildew and mold resistant. A breeze to clean!

SAFE AND ENVIRONMENTALLY FRIENDLY

Whenever possible, Flooring Matters uses zero Volatile Organic Compounds (VOC). The products we use have minimal environmental impact and also reduce health and safety risks to installers and other trades.

CUSTOM COLOUR APPLICATIONS

Flooring Matters can customize your floor. With hundreds of colour combinations, satin and gloss finishes and customized designing and staining, you'll have a one-of-a-kind floor that will have people talking!

Industrial applications: Factories, Schools, Commercial businesses, hotel lobbies and pools, malls, wineries, restaurants, doctor's and vet offices, just to name a few.

Residential applications: Garages, basements, bathrooms, laundryrooms, pools, condos & more.

THE BAGPIPES: weapon of war

The bagpipes are the only musical instrument deemed a weapon of war because it inspired its troops to battle and instilled terror into the enemy.

THE CABER: 150 lb. tree toss

Basically you take a 150 lb. 18 foot long telephone pole and toss it end over end. Why? No historian really knows but it's a lot of fun to watch!
